

Nature Club

Nature club was formed to generate an awareness among students about the current environmental issues and encourage them to participate in a variety of conservation initiatives. As Nature Club attempts to sensitise, motivate and educate students about environment and conservation, various programmes are organised. The club organises nature study camps, trekkings, planting trees, and conducts essay, elocution and quiz competitions to propagate the message among the students. Students also work on collecting and recycling the waste.

Objectives

- To motivate students to value environment.
 - To create awareness about major environmental problems.
 - To encourage students to make an eco-friendly campus
 - To observe environmentally important days
 - To conduct Field trips and Nature Camp
 - To empower students to plant trees.
 - To educate students to minimise the usage of plastics.
 - To organise various programmes like seminars, drawing, exhibition, craft making, quiz, essay writing, elocution etc. regarding various environmental issues.

Nature Club 2022-23

‘Pollution Free Campus’ is the theme of the Nature Club 2022-23.

Inauguration- 30 August 2022

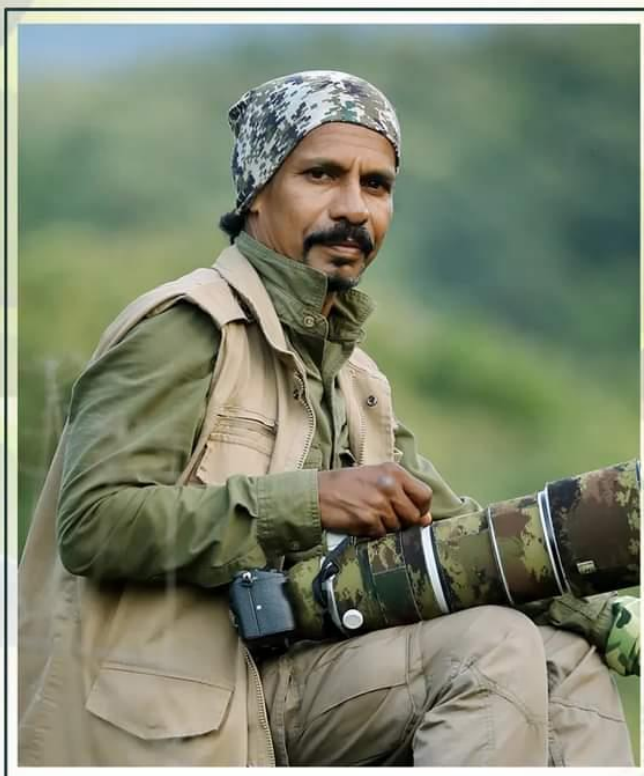

Nature Club 2022-23 was inaugurated by Sri.N.A.Naseer, Wild Life Photographer, Author and Nature Conservation Activist on 30 August 2022 at the College Seminar Hall. He has been travelling in Western Ghat forests for about more than 40 years. He delivered an excellent speech on the importance of protecting our environment. He talked about Nature and shared his forest experiences. It was an interesting interactive session. He inaugurated Nature Club 2022-23 by handing over his recently released book ' Thalirilakalile Dhyanam' to Dr.Alex L., Principal, Govt.College Nedumangad.

Clean Campus Mission

In order to keep the campus clean, the members of the Nature club are actively involved in Cleanliness drive on every Friday. The staff from the Municipality has come and taken awareness classes on waste disposal. More than 100 students and Nature Club members engaged themselves in various activities including cleaning the surroundings of department buildings, administrative building and library building. Awareness programmes were also conducted for students to bring about visible changes in the surroundings and to efficiently deal with waste disposal.
