6. Outcome of the Programme

The seminar on "**Unlocking Creativity: The Power of Design Thinking**" provided participants with valuable insights into how **design thinking** can be used to drive innovation and problem-solving. The Key points addressed during the seminar are:

- Understanding Design Thinking
- Boosting Creativity & Innovation
- Empathy-Driven Solutions
- Actionable Strategies for Work & Business

The seminar successfully equipped participants with the mindset and methodology of design thinking. By applying these principles, they can unlock creativity, foster innovation, and solve complex problems effectively.
